Summary

I'm a skilled full stack software developer with experience in TypeScript and JavaScript, and expertise in frameworks like Angular, React.js, Node.js and .NET Core. I'm a quick learner and collaborate closely with clients to create efficient, scalable, and user-friendly solutions that solve real-world problems.
Let's work together to bring your ideas to life!

Experience

Sr. Angular Developer
Future Cities for Engineering Consultations (FCEC)
Sept 2023 – Present

1. Create visually appealing and intuitive user interfaces for the landing page, Amana Jeddah's portfolio website, and the Investment Portal dashboard using Figma.
2. Design and develop the company portfolio website to effectively showcase Amana Jeddah's expertise, projects, and achievements in a visually engaging manner.
3. Utilize the latest version of Angular to develop the front-end of the Investment Portal dashboard, ensuring a professional and responsive user experience.
4. Implement user-centric design principles to enhance the overall usability and accessibility of the web applications, ensuring a positive experience for end-users.
5. Work closely with cross-functional teams, including developers and stakeholders, to ensure seamless integration of the designed UI/UX into the Angular frontend, maintaining consistency and professionalism throughout the web application.

Software Engineer
Public Investment Fund (PIF)
Jul 2022 - Jun 2023 (1 year)

1. Developing and maintaining QPR Software (web app) using MERN Stack and other related technologies.

2. Collaborating with cross-functional teams including designers, product managers, and other developers on JIRA to create high-quality products.

3. Implementing responsive design and ensuring cross-browser compatibility.
4. Participating in code reviews and providing constructive feedback to other developers.

Software Application Developer
eSar Information Systems (EIS)

Jan 2021 - Aug 2022 (1 year 8 months)

1. Developing and maintaining Schools Learning Management System (web app) using React.js, .Net Core Web API, SQL and other related technologies.
2. Collaborating with cross-functional teams including designers, product managers, and other developers to create high-quality products.
3. Implementing E2E solution for Royal Commission Schools (Jubail & Yanbu).
4. Participating in code reviews and providing constructive feedback to other developers.

Mobile Application Developer
SANI IT-CONSULTANT

Aug 2019 - Sep 2020 (1 year 2 months)

1. Developing and maintaining mobile applications using Kotlin or Flutter (Dart) technologies. Implementing responsive design and ensuring cross-browser compatibility.

2. Participating in SDLC and providing constructive feedback to other developers.

Education

Riphah International University
Bachelor's degree, Computer Software Engineering

Feb 2015 - Feb 2019

Principal Subjects

1. Software Engineering Principles	2. Web Development
3. Database Management	4. Mobile Application Development
5. Software Project Management	6. Operating System

Licenses & Certifications

Android App Development
ICEPT/12020/90

EFSET Quick English Check - Score: Intermediate / Upper Intermediate (CEFR B1/B2) - EF Education First

Computing Graduate - National Computing Education Accreditation Council - NCEAC
Issued Dec 2019 - Expires Dec 2029
CG19-024

Python for Data Science - Cognitive Class
9b139e480e99484bb70ee7109f81e975

Data Analysis with Python - Cognitive Class
f38427dcfb084f5b83a9aa0794f7841d

DataScience & ML - Dice Analytics

(ISC)2 Candidates - ISC2
Issued Sep 2022 - Expires Sep 2023

Software Specialist - Saudi Council of Engineers
Issued Jan 2022 - Expires Dec 2023
889029

Verified International Academic Qualifications – World Education Services (WES)
BS - Software Engineering (Issued Jan 2024)

Skills

Firebase • Angular • Enterprise Application Integration • Microsoft SQL Server • Cross- functional Team Leadership • Integration Specialist • .NET Core • Redux.js • Git • Web Application Development
